Comprehensive
Breast
Collaborative
SOCIETY

Thinking ON YOUR FEET

The multidisciplinary decision making competition for students

ELIGIBILITY CRITERIA

- Post graduate or superspeciality trainees- MD, MS, DM, MCh, DNB
- Group of 3-4, each belonging to a different speciality- Medical, Surgical, Radiation and Molecular Oncology, Radiology, Pathology, Reconstructive Surgery, etc.

THE METHOD

- Preliminary round with 15 questions on breast cancer will be shared at 8pm on the first day of the conference. The proceedings during the day will be captured in the questions. You have to respond as a team and choose the best option.
- At 8.15am, on Day 2, the results will be announced and the top 6 teams will be allotted a case and given 15 minutes to prepare 3 slides on the management. You will get 3 minutes to present and the Jury will ask you questions for the next 7 minutes.

CRITERIA FOR JUDGEMENT

- Clarity of thought | Strength of evidence | Thoroughness of management | Depth of knowledge | Overall presentation
